Hi Tita -

On Friday, four petitions for rehearing were filed with the court. EPA, the industry coalition, the environmental coalition and the American Petroleum Institute each filed different motions. We're still analyzing them, so stay tuned! (EPA's petition was a simply request for clarification on implementing the vacatur of Factor 4 of the legitimacy definition).

Good morning Tracy,

I hope you had a good weekend!

I have a call this morning with management to update them on regulatory topics, is there any information you are able to share regarding DSW?

Thank you for your consideration.
Respectfully,
Tita
